Dear Prospective Parent,

As you consider possible choices for your son or daughter's education, I encourage you to give prayerful consideration to Holy Name Catholic School.

Holy Name Catholic School continues to demonstrate excellence in education for 90 years. Do not let our age fool you, as we are a school whose mission is "to be lifelong learners dedicated to academic excellence and faith formation, centered in the teachings of Jesus Christ." This mission drives every decision we make as we continue to make improvements based on student data and research. Our highly qualified staff is focused on your child's academic, spiritual, physical, and emotional growth from preschool through eighth grade.

What sets Holy Name Catholic School apart from the surrounding private and public schools is our strong Catholic identity. We encounter Christ every day. Our faith goes beyond the weekly liturgies, study of theology, and sacraments. It is how our students interact with one another and their surrounding community. Every classroom adopts a local charity where they not only give of their treasures, but they also give of their talent and time. Throughout the year they visit the organizations and work with them on a much deeper level. Holy Name students reach beyond their school walls to be servants of Christ.

A strong academic foundation rich in the Catholic teachings is an incredible gift to give to your child. We welcome you to come visit our school. Please use our school website to set up a tour or call our school office.

God Bless,

A handwritten signature in blue ink that reads "DeAnn Brzezinski". The signature is written in a cursive style.

DeAnn Brzezinski

Principal
